DESIGN CONCEPT

We adhere to the design philosophy of "simplicity but not simplicity, practicality and aesthetics coexist", closely integrating modern design elements with customer needs. Through in-depth communication and understanding of customers' living habits, aesthetic preferences, and functional requirements, we tailor unique home solutions for customers. Our design team has rich experience and innovative thinking, constantly integrating the latest design trends into our products, making home spaces both in line with the fast-paced modern life and warm and personalized.

PRODUCTS AND SERVICES

The company specializes in whole house customized home products, including but not limited to customized wardrobes, bookcases, cabinets, wine cabinets, wall panels, and other whole house furniture and soft furnishings. We use environmentally friendly and healthy high-quality materials, combined with exquisite craftsmanship, to ensure that every product meets high-quality standards. At the same time, we provide one-stop services from measurement, design, production to installation, with full tracking to ensure customers enjoy the customization process without worry.

TECHNICAL STRENGTH

We have advanced production equipment and a professional technical team, adopting an intelligent production management system to achieve advanced and accurate production processes. Through continuous technological innovation and product upgrades, we continuously enhance the competitiveness and added value of our products to meet the increasingly diverse demands of the market.

CORPORATE CULTURE

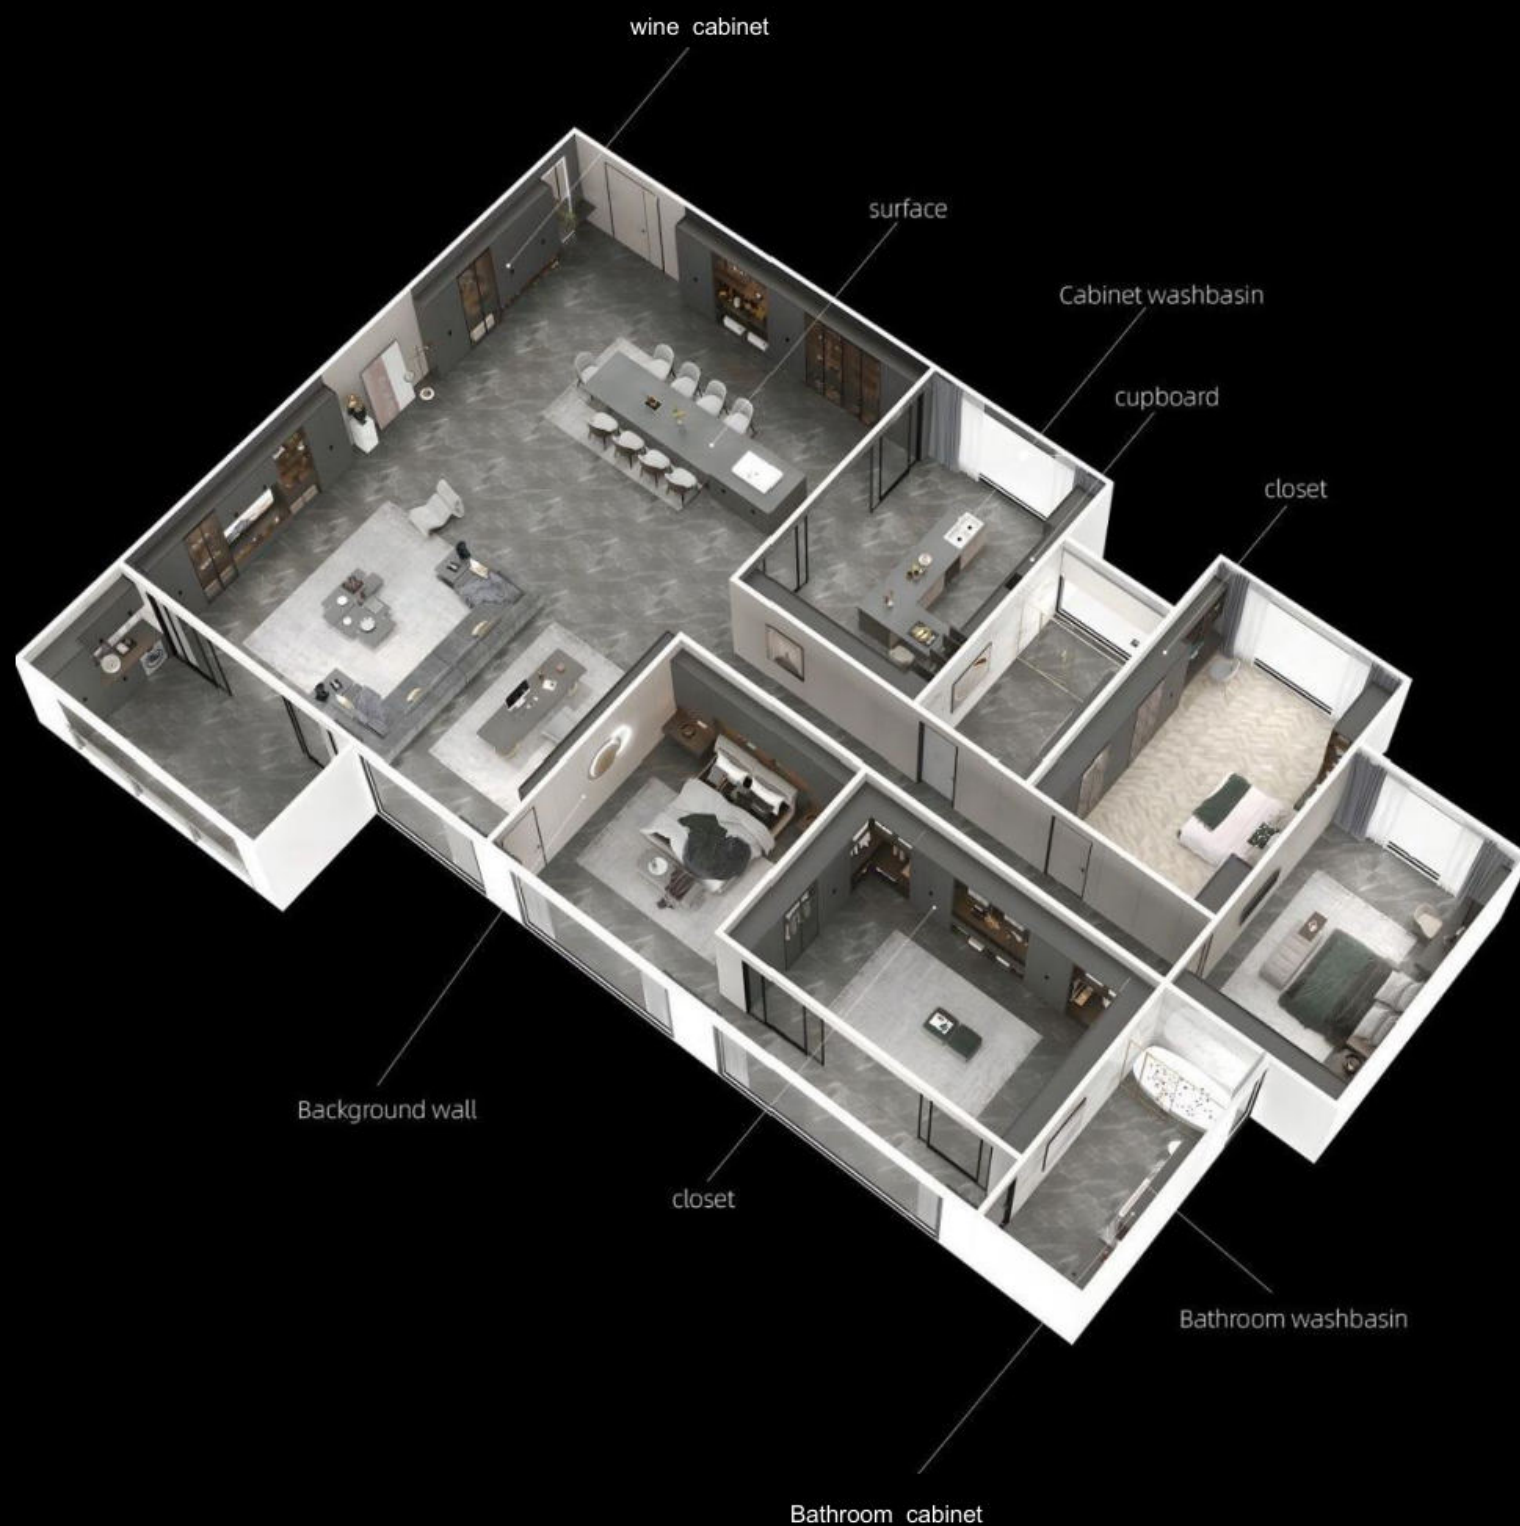

At RUNJI Home Furnishings Co., Ltd., we advocate a corporate culture of "integrity, innovation, collaboration, and win-win", adhere to the principle of customer first and quality first, win market recognition with honest management, lead industry trends with innovative design, improve service efficiency with team collaboration, and work together with customers to create a better future through win-win development.

LOOKING AHEAD TO THE FUTURE

Looking ahead to the future, Home Furnishings Co., Ltd. will continue to uphold its original intention, constantly explore new fields, technologies, and trends in home customization, and meet customers' aspirations and pursuits for a better home life with higher quality products and services. We believe that through unremitting efforts, we can become a leader in the whole house custom home industry, bringing warm, comfortable, and personalized home experiences to more families.

HIGH END DESIGN

LINE SYSTEM APPLICATION

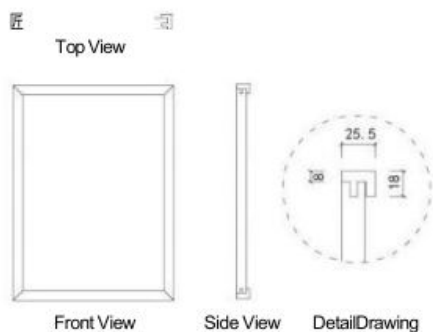

DOOR PANEL APPLICATION

Cabinet Door Code:GM-002A		Cabinet Door Specifications				Remark
Process Specifications (Design Dimensions)	Thickness mm	Legend: ✓Applicable ×Prohibited				
Fundamentals & Craftsmanship Material:Solid Wood Craftsmanship:Wrapped Profiles	25.5	Surface Finish		Base Material		This finished assembled frame profile is designed for 18mm boards.
Variable Dimensions(mm) Line Standards H≤2700 300≤W≤1000 150≤H≤2700		Mixed Oil Color Swatch	×	Multilayer Board	✓	
		Wood Veneer Color Swatch	×	OSB Board	×	
		Leather Color Swatch	×	Solid Wood	×	
		Paint-Free Color Swatch	✓			

NOODLE EXTRACTION APPLICATION

Order Notes:

- 1.The default texture is vertical,while the texture for drawers is horizontal
- 2.The maximum height for door panels is 2700mm.Please coordinate with the order placement staff in advance
- 3.The texture of wrapped profiles is fixed as vertical when installed vertically,and horizontal when installed horizontally,which cannot be altered.

Substrate series

|Pure solid wood core|E0 grade environmental protection and stability|
|Waterproof and moisture-proof|Natural corrosion-resistant

particle board

[Better moisture resistance] [Better nail gripl]
[Better resistance to deformation]

Hexiang board

Aldehyde-free addition-MDI (polyurethane adhesive)
Agricultural and forestry residues-(surface layer of rice
and wheat straw fibres, core layer of fruit tree branches
and hardwood secondary fuelwood, etc.)

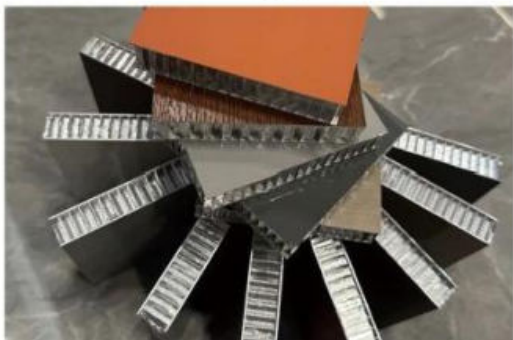

OSB (Oriented Strand Board)

Thermal and acoustic insulation [Good moisture
resistance] [Good resistance to deformation]
Good nail grip [Almost zero formaldehyde
emission] (Import)

multilayer board

Better resistance to deformation [Stronger moisture
resistance] [Stronger grip] [Lighter in weight]

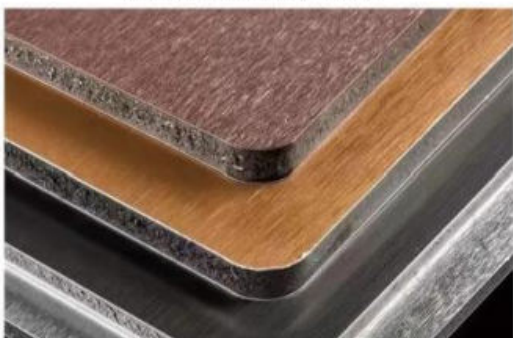

aluminum honeycomb panel

Strong fireproofing [Moisture-proof and waterproof
Plasticity] [Easy installation] [Good sound insulation
Green environmental protection] [Radiation resistance]
Long life and low maintenance cost

Medium Density Fiberboard (MDF)

Strong plasticity [Easy to "color"] [Uniform material]

carbon crystal panel

Waterproof and flame retardant [Green and
environmentally friendly] [Easy to scrub without
deformation] [High stability] [Saving wood resources]

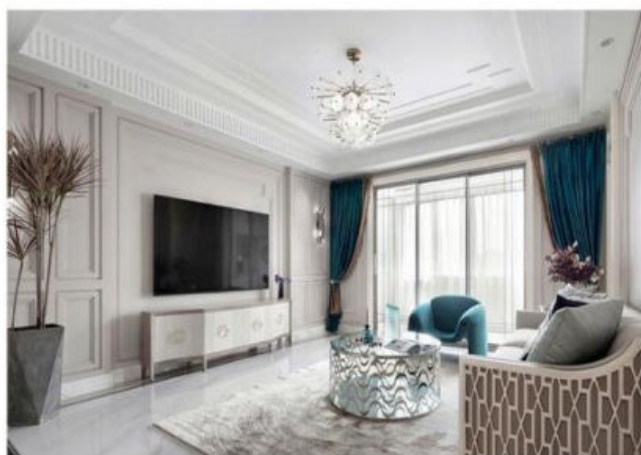

bamboo-wood fiberboard

Low carbon and environmental protection [Anti
corrosive and durable] [Moisture and
waterproof] [Easy to clean]
